

## **AMENDMENT TO THE SPECIFICATION**

Please amend Table 1, page 31, left column, row 2, compound number 16 in the specification as follows:

Please replace Table 2 on page 34 of the specification with the following amended  
Table 2:

| compound    | Absorbance Peak<br>(nm) | Mol Extinction<br>$1/((\text{Mol} \times \text{cm})/\text{L})$ | Fluorescence Excitation Peak<br>(nm) | Fluorescence Emission Peak<br>(nm) | Stoke's Shift<br>(nm) |
|-------------|-------------------------|----------------------------------------------------------------|--------------------------------------|------------------------------------|-----------------------|
| <u>32_1</u> | 327                     | 1.50E+04                                                       | 330                                  | 390                                | 60                    |
| 2           | 320                     | 1.39E+04                                                       | 326                                  | 423                                | 97                    |
| 5           | 364                     | 1.86E+04                                                       | 368                                  | 460                                | 92                    |
| 6           | 364                     | 1.80E+04                                                       | 367                                  | 460                                | 93                    |
| <u>14_8</u> | 405                     | 1.14E+04                                                       | 405                                  | 465                                | 60                    |
| 13          | 316                     | 2.27E+04                                                       | 319                                  | 519                                | 200                   |
| 16          | 317                     | 2.18E+04                                                       | 321                                  | 498                                | 177                   |
| 15          | 318                     | 2.34E+04                                                       | 320                                  | 502                                | 182                   |

Please replace Table 3 on page 36 of the specification with the following amended  
Table 3:

**TABLE 3**

| <b>compound</b> | <b>CB1 (nM)</b> | <b>CB2 (nM)</b> |
|-----------------|-----------------|-----------------|
| 1               | 8610            | 5630            |
| 2               | 150             | 25              |
| 3               | 30              | 6               |
| 4               | 4185            | 1233            |
| 5               | 2003            | 1661            |
| 6               | 122             | 128             |
| 7               | 160             | 288             |
| 8               | 2577            | 824             |
| 9               | 50              | 3               |
| 10              | 9               | 0.7             |
